

Sydney Bagpiper - Dave, The Wild Scotsman

Personal Sydney Bagpiper for Hire - playing scottish bagpipes at Weddings, Parties, Gatherings, Debutante or Scottish Balls, Burns Nights or Suppers, Christmas Parties, New Years Eve, Corporate Functions, Retirement Functions, Funeral, Memorial & Committal Services.

No doubt, once you have made the decision to have bagpipes at your wedding, you will have friends and family who are surprised or befuddled. Let me assure you that bagpipes work very well at weddings, and the concept of having a piper at a wedding goes back many years. As for myself, I have played at numerous weddings, so whether your day is in a church, in a garden or even at the beach, the wonderful sound of the bagpipes can make your ceremony all that more special. Please have a look at my web site and contact me for further information.

David Bowers - 41 Boomerang Road - Collaroy Plateau, NSW, Australia

My history started when I wanted to play the recorder and was introduced to the bag pipe practise chanter at the age of 9 and started performing at numerous school functions. In later years I have had membership with two pipe bands, performed many times for the New Years Day Combined Scottish Society Highland Dancing Competition and currently I am the honorary piper for the Warringah Scottish Society.
